

Agreement for Reimbursement of Services

Ariel Clinical Services requires the submission of various documents in order to be reimbursed for Respite and Community Connectors Services.

Provider will complete Therap documentation, which includes:

- **Electronic Visit Verification (EVV)** login in for start and end of service.
- **ISP Data** entry as required per service.

Additionally, Provider will complete the Ariel provided invoice and submit to the Ariel Designee. This person will be identified at a later date through the training period.

Payment will not be released until Therap documentation and Provider Invoices have been received.
